

The background of the advertisement is a textured, brownish-tan surface, possibly leather or a similar material, with a large, dark green, inverted V-shaped graphic element in the center. The V-shape is formed by two large, curved, textured shapes that meet at a point at the bottom. A thin, dark green vertical line runs down the center of the V, starting from a small orange dot at the top. The text is printed in a dark green color.

West Office

**B**ACK of each Parker product shown on the following pages is over 35 years of Mr. Geo. S. Parker's personal experience in the fountain pen business, a modern plant with the most up-to-date and efficient machinery obtainable, and a fine organization of skilled workmen imbued with one idea—to make the finest writing instruments in the world.

*Geo. S. Parker*

**Non-breakable  
Barrels**

Parker Duofolds have been thrown from an airplane 3,000 feet aloft without breakage to prove the non-breakable quality of Parker's Permanite Barrels.

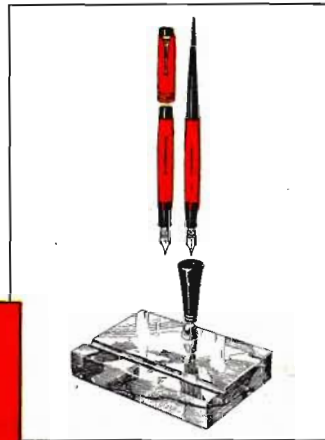

**Heavy Gold Points  
Pressureless Touch**

Heavy Gold Points with hand-ground, super-smooth iridium tips. Famous for writing with Pressureless Touch — capillary attraction combined with gravity feed by Parker's special hand-ground ink channel in the nib.

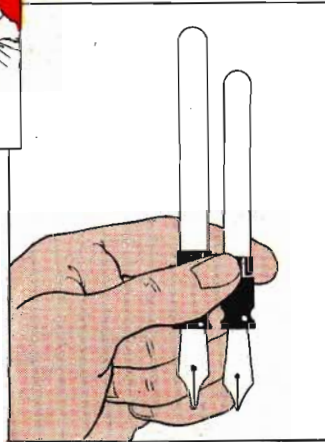

**New Streamlined  
Shape**

Sets low in the pocket because the clip starts at the top, not halfway down the cap. The only symmetrical shape on the market that is correctly designed, hence permanently good.

**Like Two Pens  
In One**

Instant convertibility—pocket pen to desk pen and vice versa. Makes two sales in one by inducing every Parker Pen owner to buy a Desk Base too.

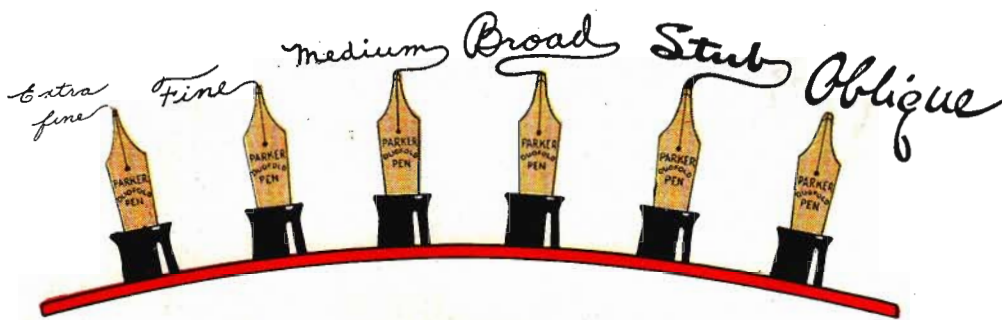

**17.4% Greater Ink  
Capacity**

Parker Duofold's oversize ink capacity—17.4% greater than the average of other pens, size for size —this Parker non-stop writing makes other brands of pens with small ink sacs undesirable.

**World's Largest Selling Pen**

Parker products have served the world for over 35 years, and have been constantly improved with new materials, new methods, new inventions. Today Parker Duofold Pens have reached such a state of perfection, we guarantee them for life.

The desk sets come in a wide range of sizes, shapes and materials and are the only ones offering instant convertibility—pocket to desk set.

## Select the Proper Point

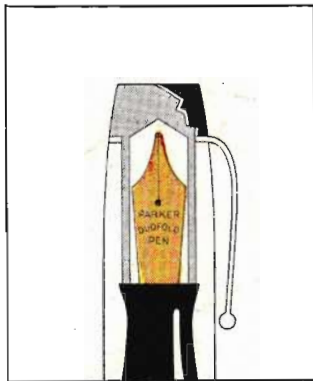

Nothing is more personal than a fountain pen. Nothing gives the user greater satisfaction than a properly selected point in a thoroughly reliable pen. On the other hand, nothing gives more distress and annoyance than a point not fitted to the user's hand, or a pen which does not work due either to carelessness or misuse.

There are six Parker points you can choose from—*Extra Fine, Fine, Medium, Broad, Stub and Oblique.*

For close figure work, or fine memoranda, for general correspondence, for the individual who holds his pen edgewise, or for the one who slants his pen noticeably to the right or left, PARKER makes the proper point.

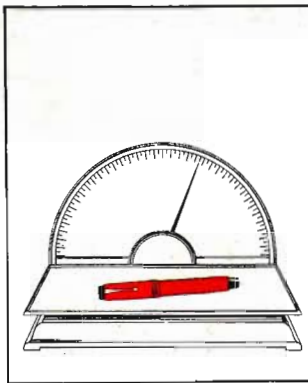

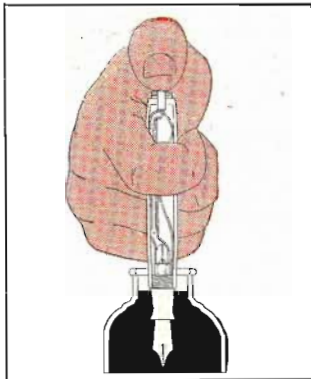

### Button Filler

No lever or hole through side of pen barrel to disfigure it. No air gets to rubber sac to rot it. No ink can leak out even if sac breaks. To fill correctly—remove top, press button once only, release button and count ten before withdrawing pen from ink.

### Leak Proof

Parker's Duo Sleeve Safety Cap hermetically seals the pen point. No ink can get out. No air can get in. Turn the outer cap until it creaks when closing pen.

### 28% Lighter Than Rubber

Parker Permanite material makes a pen that your hand never tires of holding.

## Parker Duofold Pens Are Guaranteed For Life

This generous guarantee is indicative of inherent quality, precision workmanship and belief that every owner of a Parker Duofold Pen has a right to expect perfect service from that pen, rather than simply a willingness to adjust minor troubles. Everything has been done to make Parker Pens as perfect as human care and intelligence can make them, and Parker's Guarantee for Life is the gold seal of that endeavor.

## Parker Duofold Pens and Pencils

### *Moderne Green and Pearl*

These Pens and Pencils are truly the standard of comparison. The beauty of the iridescent pearl and green cannot possibly be imitated. Slender, lightweight, streamlined-shape and every improvement known to writing instruments has been put into these Pens and Pencils. Both the Pen and Pencil are convertible from Pocket to Desk Set. The Pen is guaranteed for life.

## Parker Duofold Pens and Pencils

### *Moderne Black and Pearl*

These Parker Duofold Pens and Pencils are the sovereigns of the pen world. They contain more pearl than those of any other make. The Pen has an extra large, heavy gold point, iridium tipped, three gold bands and jeweler finish throughout. Convertible from Pocket to Desk Set—and guaranteed for life.

See page 3 for 6 styles of pen points

 Black and Gold    Lacquer Red    Jade Green    Lapis Lazuli Blue    Mandarin Yellow

### Parker Duofold Senior Pens—\$7

Its streamlined shape, more gold and iridium in the nib, a choice of five of the most attractive colors, and a guarantee for life give these Pens a value of much more than their actual price. Instantly convertible from Pocket to Desk Set.

*See page 3 for 6 styles of pen points*

No. 517    No. 507    No. 607    No. 617    No. 627  
Black and Gold    Lacquer Red    Jade Green    Lapis Lazuli Blue    Mandarin Yellow

## Parker Duofold Senior Pencils

**\$4.25**

They match the Pens in design, quality and workmanship and set low in the pocket. The only Pencils made of the same beautiful Permanite and to the same high standards as the Parker Duofold Senior Pens. Non-clog propeller turns the lead out for writing and in for carrying. Refillable without taking apart. Instantly convertible from Pocket to Desk Set. (7)

No. 13      No. 3      No. 103      No. 113      No. 123  
 Black and Gold    Lacquer Red    Jade Green    Lapis Lazuli Blue    Mandarin Yellow

## Parker Duofold Junior Pens — \$5

The same design, quality and guarantee are offered in the Duofold Junior Pens as are found in the Senior models. Pressureless touch, non-breakable Permanite barrels, 28% lighter than rubber and the convertible feature—like two pens in one. Made for the man who prefers a pen slightly smaller than the Senior models.

*See page 3 for 6 styles of pen points*

Black and Gold    Lacquer Red    Jade Green    Lapis Lazuli Blue    Mandarin Yellow

## Parker Duofold Junior Pencils

**\$3.75**

The Junior Pencils—like all Parker models—match the pens, and set low in the pocket because the clip starts at the TOP—not halfway down the cap. Can't clog, can't jam and easy to fill. Just slip the lead into the tip.

## Parker Pens

### *Raven Black and Gold*

Full range of iridium tipped gold points, super-smooth, hand-ground. Made of jewel-like black Permanite—28% lighter than rubber, yet non-breakable. Convertible from Pocket to Desk Set pen—like two pens in one.

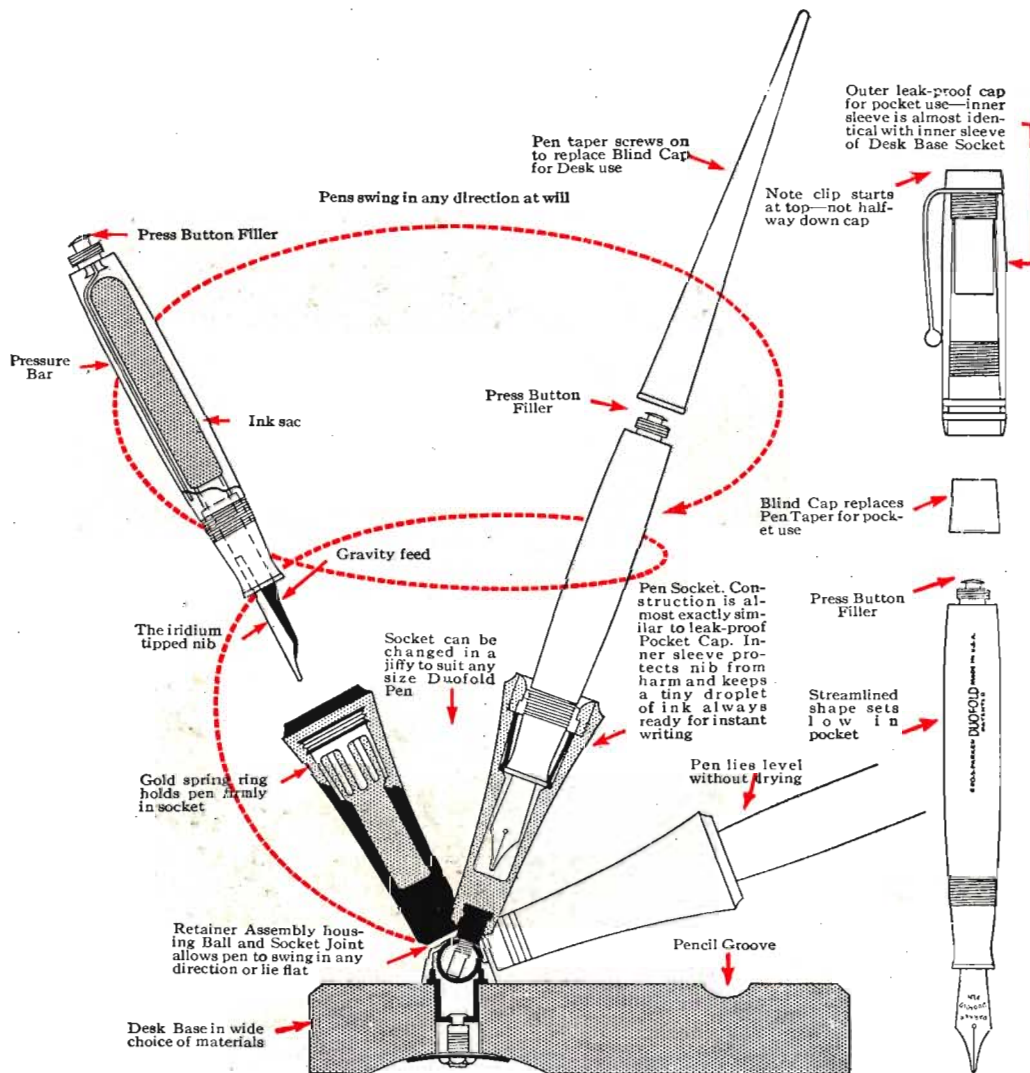

*See page 3 for 6 styles of pen points*

## Display Cases

*Pocket Cap with Clip Included with All Parker Desk Set Pens or Pencils. Taper Given Without Charge with All Parker Bases*

Space does not permit illustration of the complete line of Parker display cases. The No. 8 Parker case illustrated is typical of the new designs in floor cases, adapted for the display, not only of an adequate assortment of pens and pencils but also desk sets and duette sets. A special show case circular illustrating a complete line of show cases from the No. 3 counter case to the No. 24 floor case furnished on request. (19)

## Parker Desk Sets

Parker is the only convertible Pen and Pencil. It's "like two pens in one", for every Parker Duofold is made to fit Parker desk set bases. Instantly convertible from pocket to desk set is an advantage that only Parker users can enjoy. A pocket cap with clip is furnished free of charge with all desk set Pens and Pencils.

The Pens are always ready to write, as the points stay moist in the air-tight receptacle. The universal action of the Ball-and-Socket Holder allows the Pen to stand upright, tilt in any direction, or lie flat when not in use. *Artistic beauty with unrivaled writing efficiency!*
